

KID SAFETY BAND™

Your child is just a call away!

Kid Safety Bands are silicone rubber wristbands designed for children ages 3 to 8 years old. The Orange bands come in two sizes, X-Small (6in) and Small (7in). The front of the band is laser-engraved with your child's initials or the phrase, "If found please call". The back of the band will have the parents/caregivers cell phone number(s). You may also add child allergies or medical conditions.

The idea is: If your child gets separated from you while on vacation or at the park, whoever finds them can contact you immediately.

Kid Safety Band - your child is just a call away!
